Dear The Federal Communications Commission,

Pleas give your support to the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses, regardless of how little I may use long distance.

The Fair Share plan keeps the system fair, equitable and non-discriminatory. I cannot see any good reason to not adopt it. It would be unfair to charge low-volume and residential customers the same as high-volume residential or business users. I urge you to keep the USF fair, and adopt the Fair Share Plan. Thank you, and best of luck in your new position.
